Darts Caller – Recording Script

For **Oche**, a free voice-controlled darts scoring app. 393 lines, about 12–15 minutes of finished audio.

How to record

- Style: an energetic darts caller / MC in a hall – **your own style**. Please do not imitate any specific real referee or caller.
- Dry, close-mic recording: no reverb, no music, no effects, no compression pumping. Same distance to the mic throughout.
- WAV, mono, 44.1 or 48 kHz, 24-bit. One or several files, named in order (part1.wav, part2.wav …).
- Read the lines **in this order**. Do **not** read the line numbers.
- Leave about **1.5 seconds of silence** between lines.
- Flubbed a line? Pause, then simply say it again – we keep the last take. No need to edit.
- Lines marked "× 3 takes": say them three times with a pause in between, each a little different.
- Numbers are read British style: "one hundred **and** forty". 0 is "No score!".

Short phrases

Calm, matter-of-fact.

#	Line	Delivery
